**WOMEN POLITICAL TRAINING AND MENTORSHIP PROGRAMME
“WOMEN RISE IN POLITICS”
SELECTION CRITERIA OF TRAINING PARTICIPANTS**

The programme is intended to support training and mentorship of women drawn from all the country’s ten provinces covering 63 electoral districts. The first round of the training will target 630 women. In line with the inclusive approach and in the spirit of the 2030 SDG Agenda of “Leaving no one behind”, beneficiaries will include women with disabilities, women living with HIV, as well as rural women, amongst others.

The selection of aspiring candidates to the programme shall be through the following criteria:

- ✓ Minimum age 18 years
- ✓ No previous political leadership experience
- ✓ Ensuring a diverse cohort in terms of age, in particular young women (80% <35 years old), women with disabilities (5%), and women living with HIV/AIDS (1%).
- ✓ The motivational letter must indicate an actual intention of standing for elections
- ✓ The reference letter should be from anyone who can testify to the character of the Applicant.

To widen the net to the selection process, the program will accommodate independent candidates who would have reacted to the advert. To the extent that the political parties cannot provide applications for members who fulfil the criteria, these training spots will go to women who have reacted to the advert.

A waiting list shall be developed in case of attrition from short-listed aspirants.
