

MAPUTO DECLARATION ON GENDER MAINSTREAMING AND THE EFFECTIVE PARTICIPATION OF WOMEN IN THE AFRICAN UNION

Preamble

We, the representatives of African women's organizations and networks working on gender and development issues, gathered on the eve of the 2nd Ordinary Session of the Assembly of Heads of State and Government, at a women's pre-summit meeting, convened by the Foundation for Community Development (FDC) in collaboration with UNIFEM (Southern Africa Regional Office), Femmes Africa Solidarité (FAS), African Centre for Constructive Resolution of Disputes (ACCORD), Centre for Human Rights (University of Pretoria), Southern African Development Community (SADC) Gender Unit, Forum Mulher, Women and Law in Southern Africa (WLSA) Mozambique, and the African Women's Development and Communication Network (FEMNET) in Maputo, Mozambique from 23 to 24 June 2003.

Welcoming

- The recognition of the promotion of gender equality as a key principle and goal of the African Union; and
- The adoption, by Heads of State and Government, of the principle of 50% gender representation in the African Union.

Affirming our support for the outcome of meetings as embodied in the:

- Durban Declaration on Gender and Mainstreaming and the Effective Participation of Women in the African Union (30 June 2003); and
- Dakar Strategy on Mainstreaming Gender and Women's Effective Participation in the African Union (26 April 2003).

Appreciating the role and contributions of the African Women's Committee on Peace and Development on the Continent.

Acknowledging

- The establishment of the Women, Gender and Development Directorate in the office of the Chairperson of the African Union;
- The entrenchment of the Statutes of the African Union Commission, of the principle of gender equality in the recruitment of the Commission's senior staff and top management;
- The opportunity for civil society participation in the activities of the African Union through the Economic, Social and Cultural Council (ECOSOCC); and

- The efforts of Heads of State and Government in their endeavour to address poverty through the New partnership for Africa's Development (NEPAD).

Welcoming

- The progress made in the elaboration of the draft Protocol to the African Charter on Human and Peoples' Rights on the Rights of Women in Africa; and
- The openness of the NEPAD Secretariat to the secondment of gender specialists and opportunities for gender mainstreaming.

Concerned that:

- Despite commendable action by Heads of State and Government in mainstreaming gender, there is need for concerted acceleration of the process;
- There is as yet no provision for a Specialized Technical Committee on Gender;
- The Women, Gender and Development Directorate is severely under-resourced;
- There is no mechanism for dialogue between women's organizations and networks and the key decision-making structures of the African Union;
- The Pan-African Parliament Protocol provision that at least one of the five representatives from each Member State must be a woman, is inadequate;
- There is an acute under-representation of women ambassadors and other plenipotentiaries accredited to the African Union;
- Despite the Continent having the highest incidence of maternal mortality in the world, legal, policy, programmatic and budgetary interventions are not commensurate with the gravity of the challenge;
- Certain discriminatory and harmful practices expose women to dying during pregnancy and birth;
- Discriminatory laws and harmful traditional practices continue to exacerbate the high incidence of HIV/AIDS, particularly among women and girls;
- Certain parts of the Continent are experiencing famine and Africa is become a dumping ground for genetically modified food and seeds;

- Women in agriculture face many constraints, including inadequate access to credit, information and the acquisition of skills;
- Despite the fact that women are responsible for up to eighty percent of the total food production in Africa, they generally lack access to, and control and tenure of, land; and
- War and conflict negatively impact on women in that among other things, it disrupts women's major source of livelihood and food security.

Recognising the need:

- To elaborate and implement an African Union Gender Policy and Declaration;
- For an effective gender mainstreaming strategy and efficient coordinating framework for managing gender issues on the continent;
- For sensitization on gender issues throughout the African Union; and
- To clarify the status and role of the African Women's Committee on Peace and Development.

Reaffirming our commitment to building strategic partnerships at all levels and in the activities of the African Union, we hereby **recommend** the following to the 3rd Ordinary Session of the Council of Ministers and the 2nd Ordinary Session of the Heads of State and Government of the African Union:
